With no docking cradles or cables, users of the WS-110 voice recorder can enjoy a great sense of freedom. You can record and play back your meeting recordings, notes and ideas for over 69 hours. The WS-110 connects directly to virtually any PC via the USB key. It saves all file types to its memory in an instant; images, presentations or text documents ensuring fast, secure and convenient transportation and transfer of data.

- Over 69 hours digital recording
- Mass storage device for data files - music, dictation, images & documents
- USB direct for fast up/downloading
- High quality WMA music playback function
- 3 recording qualities for voice files: HQ/SP/LP
- LCD screen with extensive data information
- 5 folders for file management
- Long battery life, 1 x AAA battery lasting up to 21 hours
- Lightweight & pocketsize
